

Balanced Value

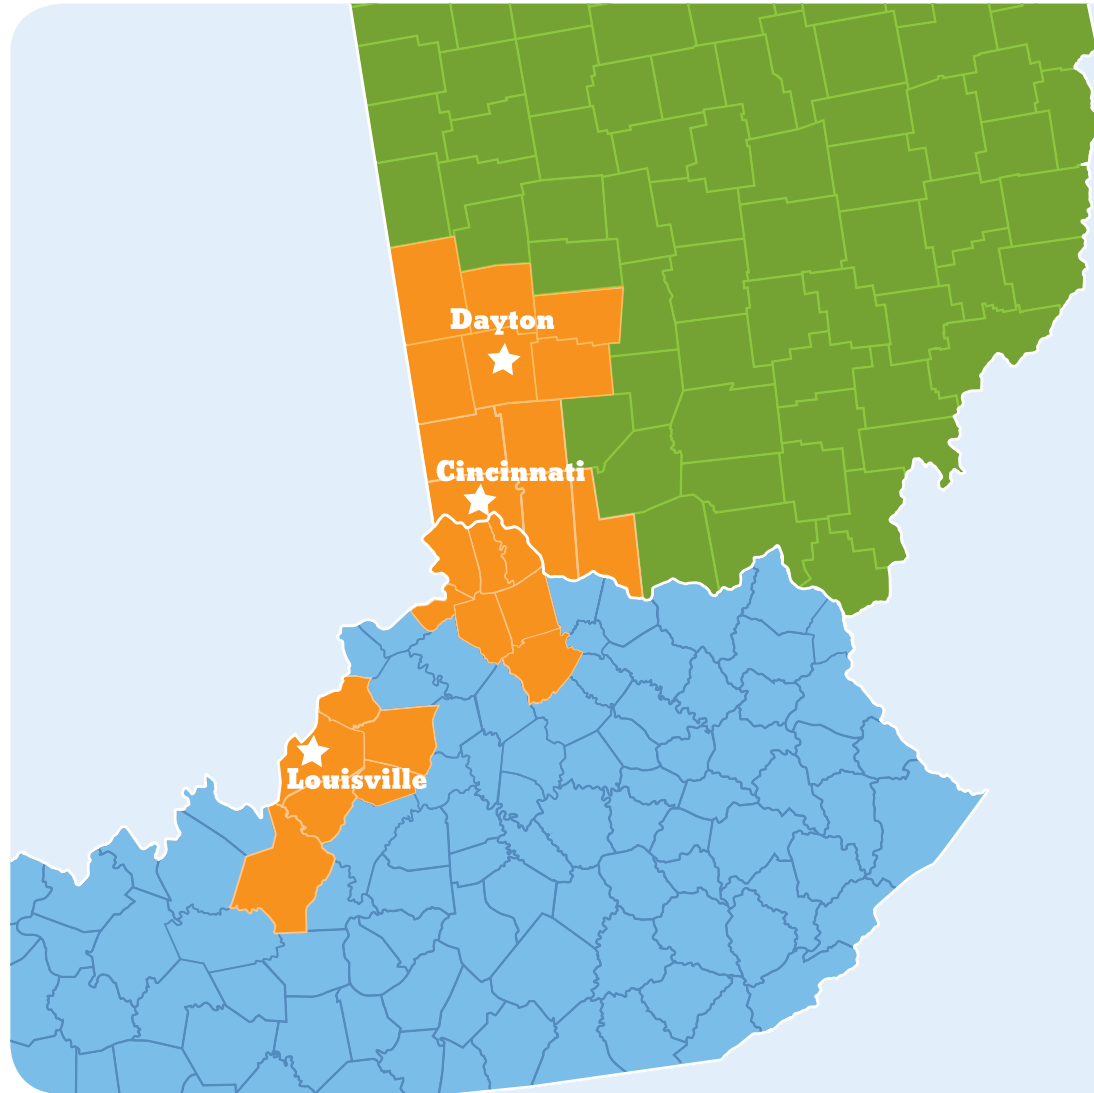

Balanced Value is a network, paired with The Dental Care Plus Group's (DCPG) PPO product, that is available to groups sited in select counties in Ohio and Kentucky. This narrow network solution provides deep discounts and pricing intended for local companies with local employees.

Balanced Value is a good fit for:

- Groups with employees located primarily in the Greater Cincinnati, Miami Valley, northern Kentucky and Louisville regions.
- Groups that do not currently offer dental and have local employees.
- Groups with scheduled benefit plans.
- Current DCPG groups that need lower rates but want to maintain DCPG's level of service.
- Current DCPG HMO-only groups.
- Local groups with low participation – a core plan using Balanced Value may be paired with a traditional HMO buy-up option.

Balanced Value is NOT a good fit for:

- Groups with employees nationwide.
- Groups that are sensitive to balance billing.

For more information, call (800) 367-9466 or visit DentalCarePlus.com.
